### MSDS

#### **1. Identification of the Product and Company.**

Product Name: LANOLIN

Product Code: LAN01599F

Other Names: None allocated

Use: An emollient ointment for the treatment of dry or rough skin and abrasions.

Company Name & Contact Details Medical Information Associate –  
Chemsynth Corporation – Mumbai

#### Other Information

All reasonable care has been taken to ensure information and advice contained in this data sheet is accurate at time of printing. However, Orion accepts no liability for any loss or damages suffered as a consequence of reliance on the information contained herein.

#### **2. Hazards Identification**

Hazard Classification -This product is not hazardous or dangerous

#### **3. Composition/Information on Ingredients**

<b>Chemical Entity</b>	<b>CAS No:</b>	<b>Proportion</b>
Wool Fat	8006-54-0	60%
Paraffin Liquid	8042-47-5	10-30%

## 4. Health Hazard Information

<b>Inhalation:</b>	Not expected to require first aid measures
<b>Ingestion:</b>	If large amounts are swallowed, DO NOT induce vomiting. Give plenty of water to drink and contact a doctor or Poisons Information Centre (Australia 13 11 26)
<b>Skin:</b>	Wipe off excess and wash off with soap and warm water.
<b>Eye:</b>	Wash with gently running water for at least 15 minutes and seek medical advice if irritation occurs.
<b>Advice to Doctor:</b>	Treat symptomatically

## 5. Fire Fighting Measures

<b>Extinguishing Media</b>	Flash point approx 240°C. Dry chemical, foam or carbon dioxide. Water spray may be used to keep containers cool. Water or foam may cause frothing.
<b>Hazards from Combustion products</b>	Hazardous fumes may be emitted
<b>Precautions &amp; Equipment for Fire Fighters</b>	Fire fighters should wear self-contained breathing
<b>Hazchem Code</b>	None allocated

## 6. Accidental Release Measures.

Using a suitable scoop remove bulk to waste. Waste material may be incinerated under controlled conditions where permitted. Refer to local Waste Management Authority Regulations for other approved methods. Clean up area with (hot) water and detergent. Note that spillage will become slippery.

## 7. Handling and Storage-

<b>Safe Handling Practices</b>	Safe handling procedures should be employed at all.
--------------------------------	---

**Storage** Store below 25°C.  
**Other Information** No data available.

## 8. Exposure Controls; Personal Protection

**Exposure Limits:** Not considered to be hazardous. There are no known exposure limits.

**Engineering Controls** - No special requirements are necessary.

**Personal Protection** - Personal protection is not necessary.

## 9. Physical and Chemical Properties

**Appearance / Odour:** A creamy-yellow unctuous ointment

**pH:** Not known

**Vapour Pressure:** Not known

**Vapour Density:** Not known

**Boiling Point:** Not known

**Freezing/Melting Point:** Not known

**Solubility:** Insoluble in water

**Specific Gravity or Density:** Not known

## 10. Chemical Stability and Reactivity Information

**Conditions Contributing to Instability** Stable under normal conditions of use.

**Conditions / Materials to Avoid:** Strong oxidisers. Heat

**Hazardous Decomposition Products** - May produce acrid smoke and irritating fumes when heated to decomposition.

## 11. Toxicological Information

**Inhalation:** Non-volatile – not expected to be hazardous.

Ingestion: Not hazardous  
Skin: May irritate those sensitive to wool fat.  
Eye: May irritate the eyes.

## 12. Ecological Information

Mobility: Insoluble in water. Not expected to cause problems.  
Persistence and Degradability: No data available  
Ecotoxicity: No data available

## 13. Disposal Considerations

**Disposal Methods & Containers:** Waste material and containers may be incinerated under controlled conditions where permitted. Refer to local Waste Management Authority Regulations for other approved methods.

**Special Disposal for Landfill or Incineration:** Waste material may be incinerated under controlled conditions where permitted. Refer to local Waste Management Authority Regulations for other approved methods.

## 14. Transport Information

UN Number: None allocated  
UN Proper Shipping Name: None allocated  
DG Class & Subsidiary Risk: None allocated  
Packing Group: None allocated  
Hazchem Code: None allocated

## 15. Regulatory Information

Not classified using the criteria in the Standard Uniform Schedule for Drugs and Poisons
